Job Description: Hatch Mott MacDonald is looking for a Civil Engineering student to help with design of highways in our Murray, Utah office. This is a part-time position to assist on roadway design projects. Candidate will perform a wide range of tasks from basic design to drawing of plans. Position may lead to full-time employment upon graduation. Hours are flexible.

Candidate Specification Requirements:

- Studying for a Master’s or Bachelor’s level degree or diploma in Civil Engineering or urban planning; preferably graduating in the next 6 to 8 months for undergrads
- A genuine interest in highway and/or drainage design
- Strong interpersonal skills and analytical skills
- Organized and a self-starter
- Effective in both verbal and written communication
- Experience with AutoCAD or Microstation preferred
