Engineering Intern

Horrocks Engineers has an immediate opening for a part-time Engineering Intern in our Pleasant Grove office. Candidate must have an associate's degree or equivalent general education, or be enrolled as a student pursuing a B.S. or M.S. degree in Civil or Electrical Engineering. Students must have completed their sophomore year in higher education. Candidate must have CAD experience, with preference given to Bentley Microstation. Preference will also be given to individuals with an understanding of fiber optics. The position is for an intern to be trained on fiber optic mapping and CAD drawing. Position requires walking outside for up to 1 mile at a time, field mapping using handheld GPS devices, drawing in a CAD environment, and requires lifting objects of up to 50 lbs.

Candidate must be highly-motivated, self-starting, with effective communication skills and works well in a team environment. The Company may identify additional related skills and requirements as preferences for the hiring process.

At Horrocks Engineers, we provide our employees with a highly competitive salary and benefits package, flexible work hours, excellent health and dental insurance, and paid time off. We provide challenging assignments, superior management, high standards and reputation, and individual achievement is recognized and rewarded. Personal integrity and references are a must. Horrocks Engineers is an Equal Opportunity Employer.

For a confidential interview, send resume to lorih@horrocks.com. Only applicants selected to interview will be contacted.
