Want to be a great structural engineer?

Employment
Nagamine Okawa Engineers is an award-winning and qualified team of structural engineers and CAD drafters working together to inspect, design, improve, and repair diverse structures.

Our firm works on projects ranging from the necessary - such as water facilities that supply clean drinking water - to the elegant - such as resort hotels, where people come to stay from all over the world.

If you are akamai, hard-working, and interested in being a part of our ohana, we would love to hear from you!

Gain Experience
We can help you obtain valuable experiences and skills in analyzing and designing many different types of structures to broaden your repertoire. Working at NOEI, you will get hands-on experience both in the office and in the field.

Come join the Nagamine Okawa Ohana!
Voted “One of the Best Places to Work in the Nation” by Structural Engineer Magazine

We work regularly with the Navy, Army Corps of Engineers, Hawaii DOT, Department of Education, City & County Agencies, as well as many commercial and private companies. Many of our clients keep coming back to us!

Watch projects come to life!

Participate in the exciting transformation of calculations to construction documents to actual structures.

We’re everywhere you look: Are you familiar with Walgreens or TJ Maxx? Have you eaten treats from Big Island Candies? Stayed at the Royal Hawaiian or Sheraton Waikiki Hotels? Been to Punchbowl Memorial or even the Honolulu Airport? We’ve provided services to many places you know!
